# HANDS-ON WORKSHOP & DIGITAL NOW

UPDATED  
NEWS

## HANDS-ON WORKSHOP

The workshop content includes the lecture abstract that is located below. For the hands-on portion, Dr. Moses will teach people how to find the bite using the Manual Muscle Test (Isometric muscle contraction) technique. Each attendee will fabricate their own bite registration during this workshop.

**Date & Time:** 21st October: 14:00 - 15:30  
22nd October: 09:00 - 10:30

DR. ALLEN J. MOSES

A Demonstration of the Neurophysiology of Moses Appliances

Dr. Allen J. Moses is a private practitioner with a special interest, expertise and board certification in the diagnosis and treatment of craniofacial pain, temporomandibular disorders and oral appliances for controlling snoring and sleep apnea. He holds a faculty appointment as an assistant professor at Rush University College of Medicine in the Department of Sleep Disorder.

## DIGITAL NOW EXHIBITION

Besides offering lectures, a “digital now” exhibition will be held in the forum as well. Several intra-oral scanner companies will participate and hold a product showcase to demonstrate their latest technology.

**Date & Time:** 21st October: 08:30 - 18:00  
22nd October: 08:30 - 12:30

## EXHIBITORS

- Modern Dental Group
- 3M™ True Definition Scanner
- 3Shape TRIOS® Intraoral Scanner
- Planmeca Planscan
- DWIO Intraoral Scanner
- Carestream CS3500 Intraoral Scanner
- Align iTero Intraoral Scanner
